

**REMARKS**

The present claims are claims 20-35.

Independent claims 20 and 27 have been amended to recite a modulus value "no greater than about 97 g/mm<sup>2</sup>", in accordance with the Examiner's helpful comments. Accordingly, it is believed the present amendments obviate the sole rejection based on 35 USC 112, first paragraph.

A favorable action on the merits is requested. The Examiner is invited to contact the undersigned to resolve any remaining issues.

Respectfully submitted,
